

Building a "Brand" in Business has moved on from large Companies with multi million dollar budgets through to the "Solopreneurs" – the new buzzword on the streets.

A Solopreneur is a business owner who works and runs his or her business alone and is fast becoming a powerful and growing force in today's career landscape. Basically – being the master of your own destiny!

A significant part of this challenge is to build and become a recognizable "Personal Brand" – and stand out from the masses in this fast-paced Social Media Economy. And if that's not hard enough – we have to get perfect strangers to 'know, like and trust' us enough from the outset to engage with us. But first we need to INTRIGUE them!

Visual Communication with your target audience is the key and a great place to start is with eye-catching, memorable, WOW-factor imagery to carry over onto all of your social media platforms, website, press and marketing collateral.

It needs to be consistent, relatable and authentic – reflecting your personality. Are you gregarious and sociable? Do you have a Signature colour that you always wear? Do you work in an office or have a Laptop lifestyle? Are you "The Boss!"?

I'll send you a brief Questionnaire to fill out to answer questions like these - and together we will develop clever visual concepts and ideas for beautiful portraiture!

'Selfies' certainly don't cut it in the Professional arena, particularly when you are aiming for a more lucrative Client base.

That's why I have developed these Personal Branding Packages to help you kick-start your new career or re-invent and re-ignite your present Identity.

All Packages come with a Complimentary Creative Consultation so that we can get to know each other and I can get a better understanding of your goals and how and where you want to use your imagery – then we can plan, style and shoot accordingly!

I have a Little Black Book full of Hair and Make Up Artists, Stylists and with a career in the Industry spanning 20 years in Brisbane, I know some awesome Locations. I have a fully mobile Pro Studio – all to make your life easy and your Personal Branding shoot pain-free! And rest assured, I have your best interests at heart when it comes to posing by providing you with clear directions that will flatter and wow them all!

So let's connect, have a chat and start launching the Brand New You!

recommendations to refresh, update and
optimise your online presence - **POA**

TESTIMONIALS

When one thinks of truly great photographers in Brisbane, Leah's name is one of the very first to spring to mind. Professional, talented, creative, innovative and efficient are all adjectives I would use to describe her. When it came time to do new professional shots there was only one photographer I would entrust with such a monumental task and that was Leah. I loved her ideas for our shoot and she made it relaxing and entertaining and provided high quality images that represent me and my personal brand, in exactly the way I had expressed. She is a perfectionist who delivers nothing less than perfection.

DAMIEN ANTHONY ROSSI

- *TV Presenter and
Brand Ambassador*

Leah Desborough is a true professional and working with her on high profile marketing campaigns and my own Personal Branding has been a pleasure. Leah has the ability to put her clients at ease and work quickly and efficiently to tight deadlines, something that shows from her extensive media background. Leah welcomes a collaborate approach with her clients, has exceptionally transparent communication skills and is the consummate professional producing an outstanding final product. It has been with great pleasure and confidence that I can recommend her services.
